Amazon jako vzor. Chceme být technologicky nejvyspělejší mediální dům v Česku, říká šéf CNC Juraj Felix

Do tří let chceme být technologicky nejvyspělejší a nejrychleji rostoucím mediálním domem v Česku. I proto plánujeme vyvinout novou technologickou platformu, která umožní dělat více změn najednou. Zjednodušeně řečeno dovolí, aby mohli jednotliví šéfredaktoři a ředitelé týmů napříč skupinou rychleji běžet kupředu.

Koncept 3S

Základní úlohou lídrů je budovat a inovovat systém.

1. **Naučte** se využívat vaše systémy
2. **Vylepšujte** vaše systémy
3. **Bud'te lídrem** změny vašich systémů

Koncept 3S

1. Naučte se využívat vaše systémy

Jaké metody a nástroje se mám naučit ovládat, tak abych s nimi zvládl více za méně?

Koncept 3S

2. Vylepšujte vaše systémy

*Co udělám dnes pro to,
abych měl zítra jednodušší práci?*

Koncept 3S

3. Bud'te lídrem změny vašich systémů

*Jaké změny bychom měli v naší organizaci
udělat a jak je mohu iniciovat?*

Lead by example

We see leadership as an action, not a position. We look for people's values before competence and experience. People who 'walk the talk' and lead by example. It is about being our best self and bringing out the best in each other.

Lead by example

We see leadership as an action, not a position. We look for people's values before competence and experience. People who 'walk the talk' and lead by example. It is about being our best self and bringing out the best in each other.

👋 Hey, thanks for stopping by! My name is Tereza. I work at Credo Ventures, and I am building teams & culture, helping our portfolio startups to grow faster. You can read more about my mission [here](#). I am a former & very proud Productboard Head of Talent. Along the way, I have seen the company grow from 20 to 220 people, and had to build many things ground up. I write stories about it in regards to orchestrate my proper brain dump. Now, I just wanted to put some structure in place in my *long-life collections of the coolest stuff I have found, realized, created along the way*. And because you asked me to! Most of the content will be **People at Startups** related. If you have any questions, or you're missing stuff here - I'd love to know about that. So ping me anytime via [LinkedIn](#) or write me an email here: tereza@credoventures.com ♥

Dunder Mifflin Backpaper is the ultimate in paper for the modern small business. The lightweight, high contrast paper is perfect for color printing, and features the classic parchment sheet look. Featuring dot-perforated sheets measuring 8.5" x 11", Jonathan Palmer sure makes his presence felt in this paper.

In a world of letterheads and laser printers, the only options for small businesses are either significantly overpriced or lacking in quality. We've decided to do something about it with Dunder Mifflin letterhead paper.

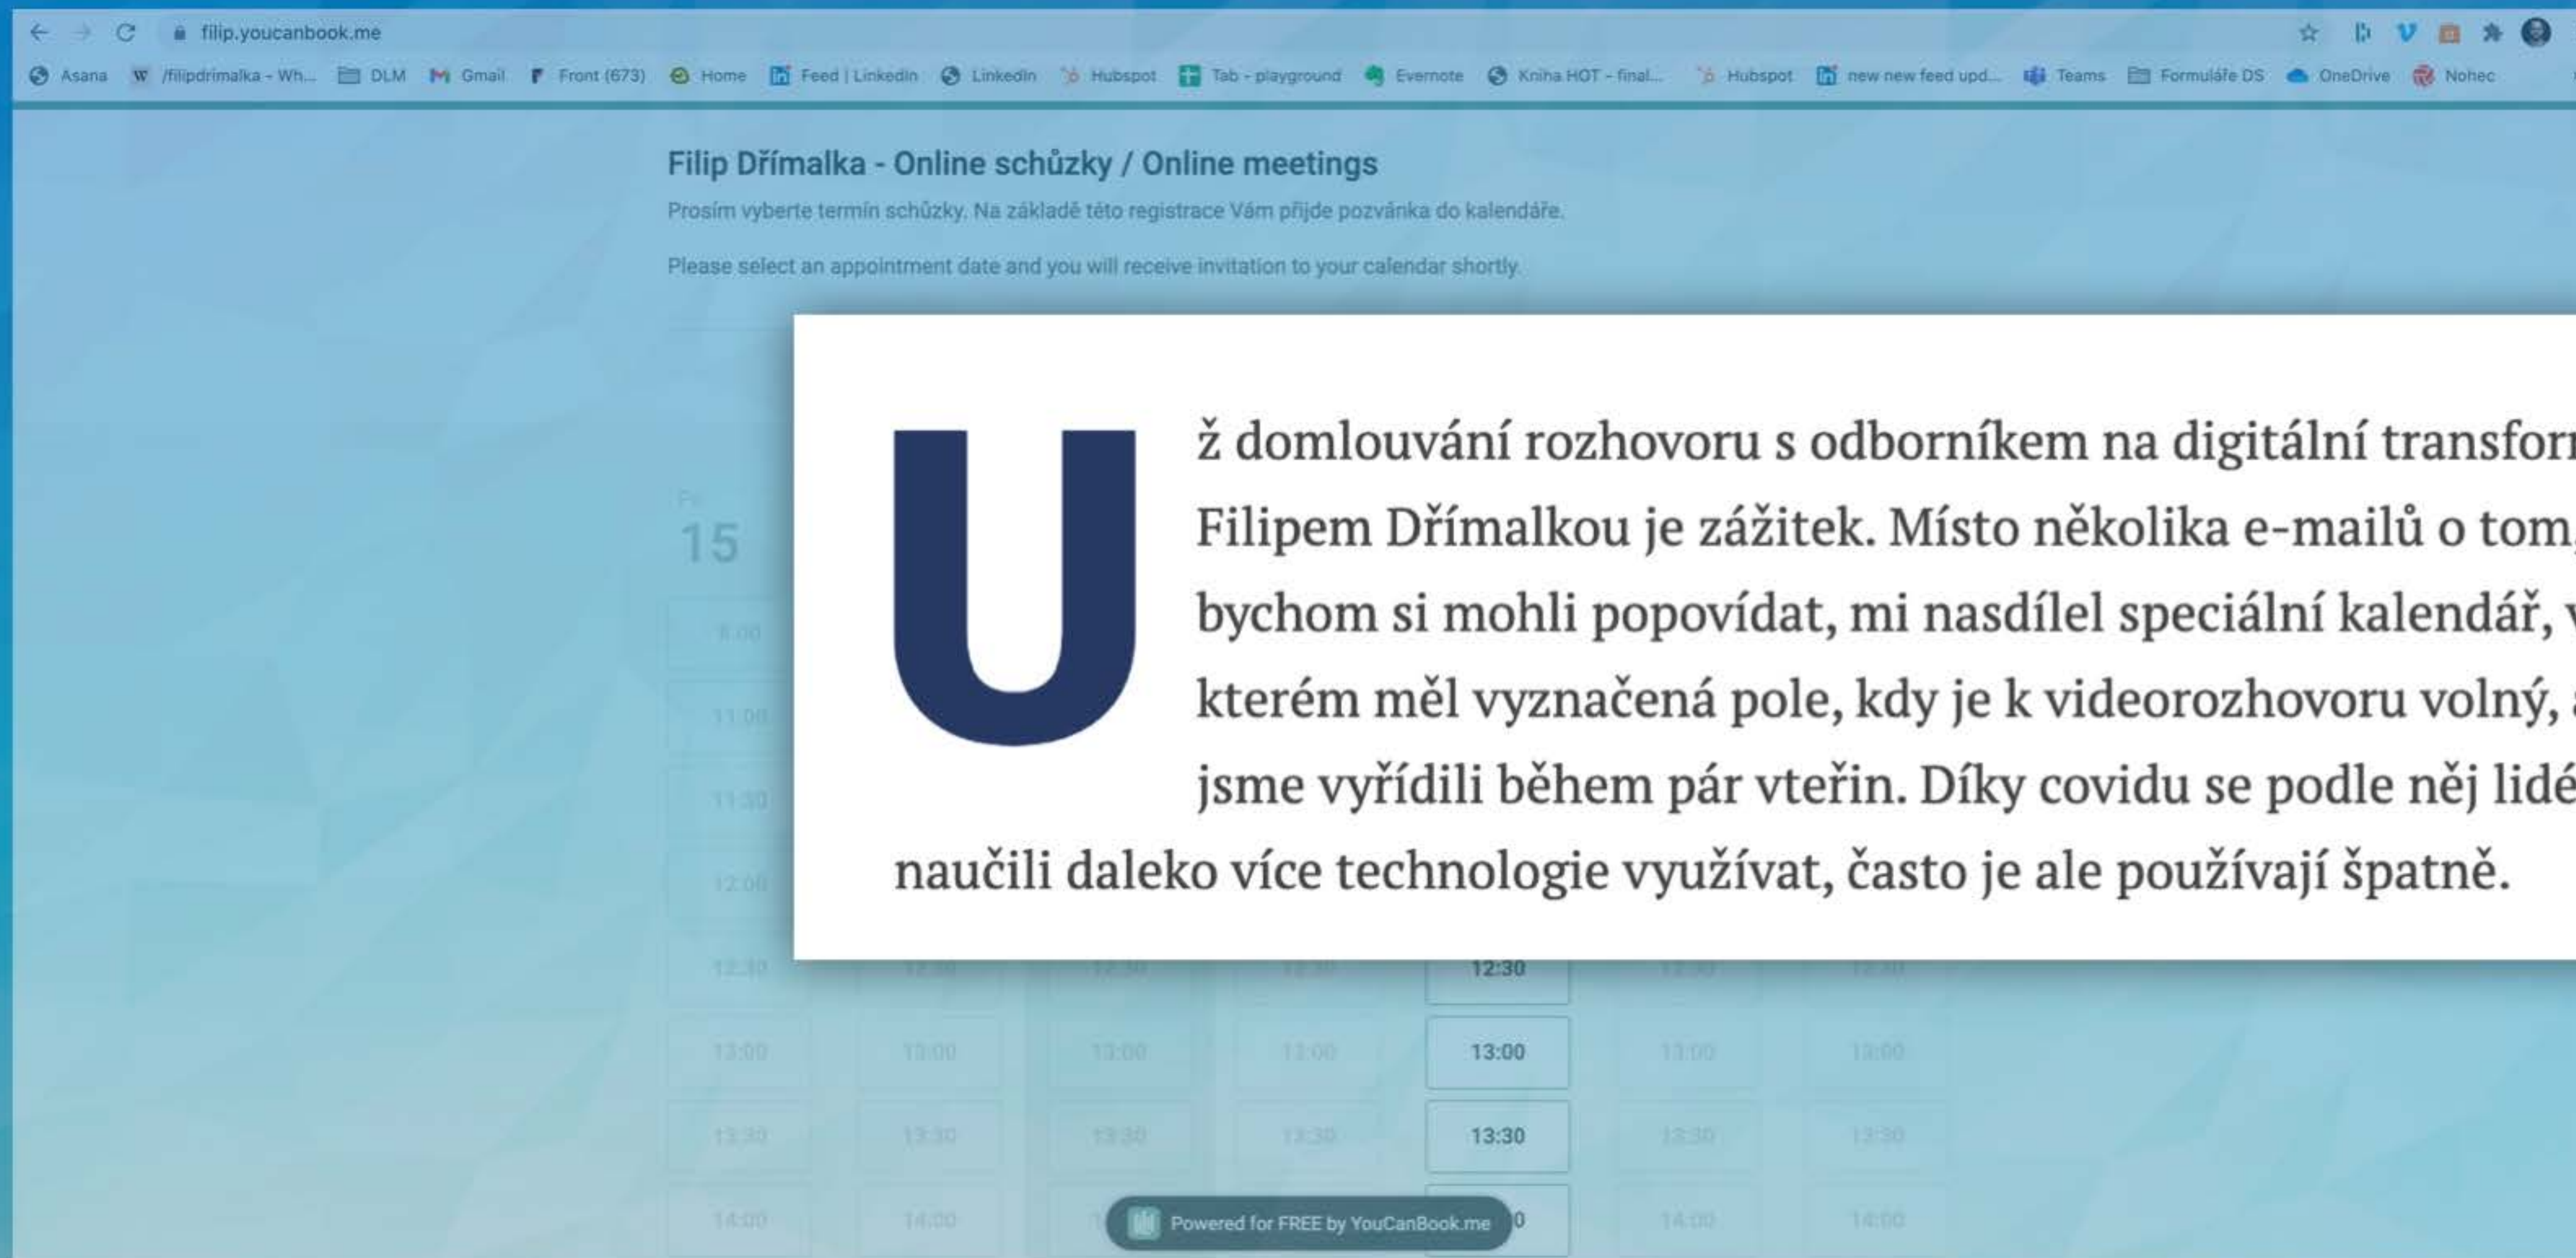

Copied!

More Like This

Dunder Mifflin is the established leader in its category. Our focus on innovation sets us apart from our competitors, and our brand integrity makes us the paper of choice for businesses worldwide. We are 100% recycled with 30% pre-consumer content, 20% post-consumer content. Dunder Mifflin paper is certified ECF (Elemental Chlorine Free) by the Forest Stewardship Council (FSC).

The screenshot shows a web browser window with the URL filip.youcanbook.me. The page title is "Filip Drimalka - Online schůzky / Online meetings". Below the title, there is a message in Czech: "Prosím vyberte termín schůzky. Na základě této registrace Vám přijde pozvánka do kalendáře." and its English translation: "Please select an appointment date and you will receive invitation to your calendar shortly." The background of the page shows a calendar grid with time slots from 8:00 to 14:00. A large white text box is overlaid on the right side of the calendar.

Filip Drimalka - Online schůzky / Online meetings

Prosím vyberte termín schůzky. Na základě této registrace Vám přijde pozvánka do kalendáře.

Please select an appointment date and you will receive invitation to your calendar shortly.

Už domlouvání rozhovoru s odborníkem na digitální transformaci Filipem Drimalkou je zážitek. Místo několika e-mailů o tom, kdy bychom si mohli popovídat, mi nasdílel speciální kalendář, ve kterém měl vyznačená pole, kdy je k videorozhovoru volný, a vše jsme vyřídili během pár vteřin. Díky covidu se podle něj lidé naučili daleko více technologie využívat, často je ale používají špatně.

Urgent - we need the delivery asap!

We have a picture of 100 startup logos - startups in agriculture technology. What we need is;

1. Look up the name from the logo on Google
2. Save the web address to google sheet
3. Copy basic information about the startup from the website or describe it in your own words
4. Save it to google sheet

This job was posted from a mobile device, so please pardon any typos or any missing details.

Zadání nové akce

Tato část aplikace slouží k zadávání událostí do kalendáře akcí. Zadáním se stane několik důležitých věcí. Do kalendáře se uloží událost, lektor dostane pozvánku a díky automatizaci pak budeme moci sledovat aktuální vytížení lektorů a témat.

Typ akce

TIPS HOW TO...

Be more agile and try new ways to work

Agile is not just a buzzword. Its principles can help you to manage your activities and projects better. And it is not about agile only. There are so many new ways how to work smarter.

SPRINT

Try short, time boxed period - e.g. month or 6 weeks - during which you will complete a set amount of work.

DAILY STANDUP

A stand-up is short (15 min.) meeting where people report on their accomplishments since the last meeting, obstacles they face and things they need to discuss further.

DEMO

Demo meetings are great way how to show people what's been done on your projects. They're an opportunity to get feedback and receive questions from other team members.

OKRs

Many successful tech companies use objectives and key results as a goal-setting framework for defining and tracking objectives and their outcomes.

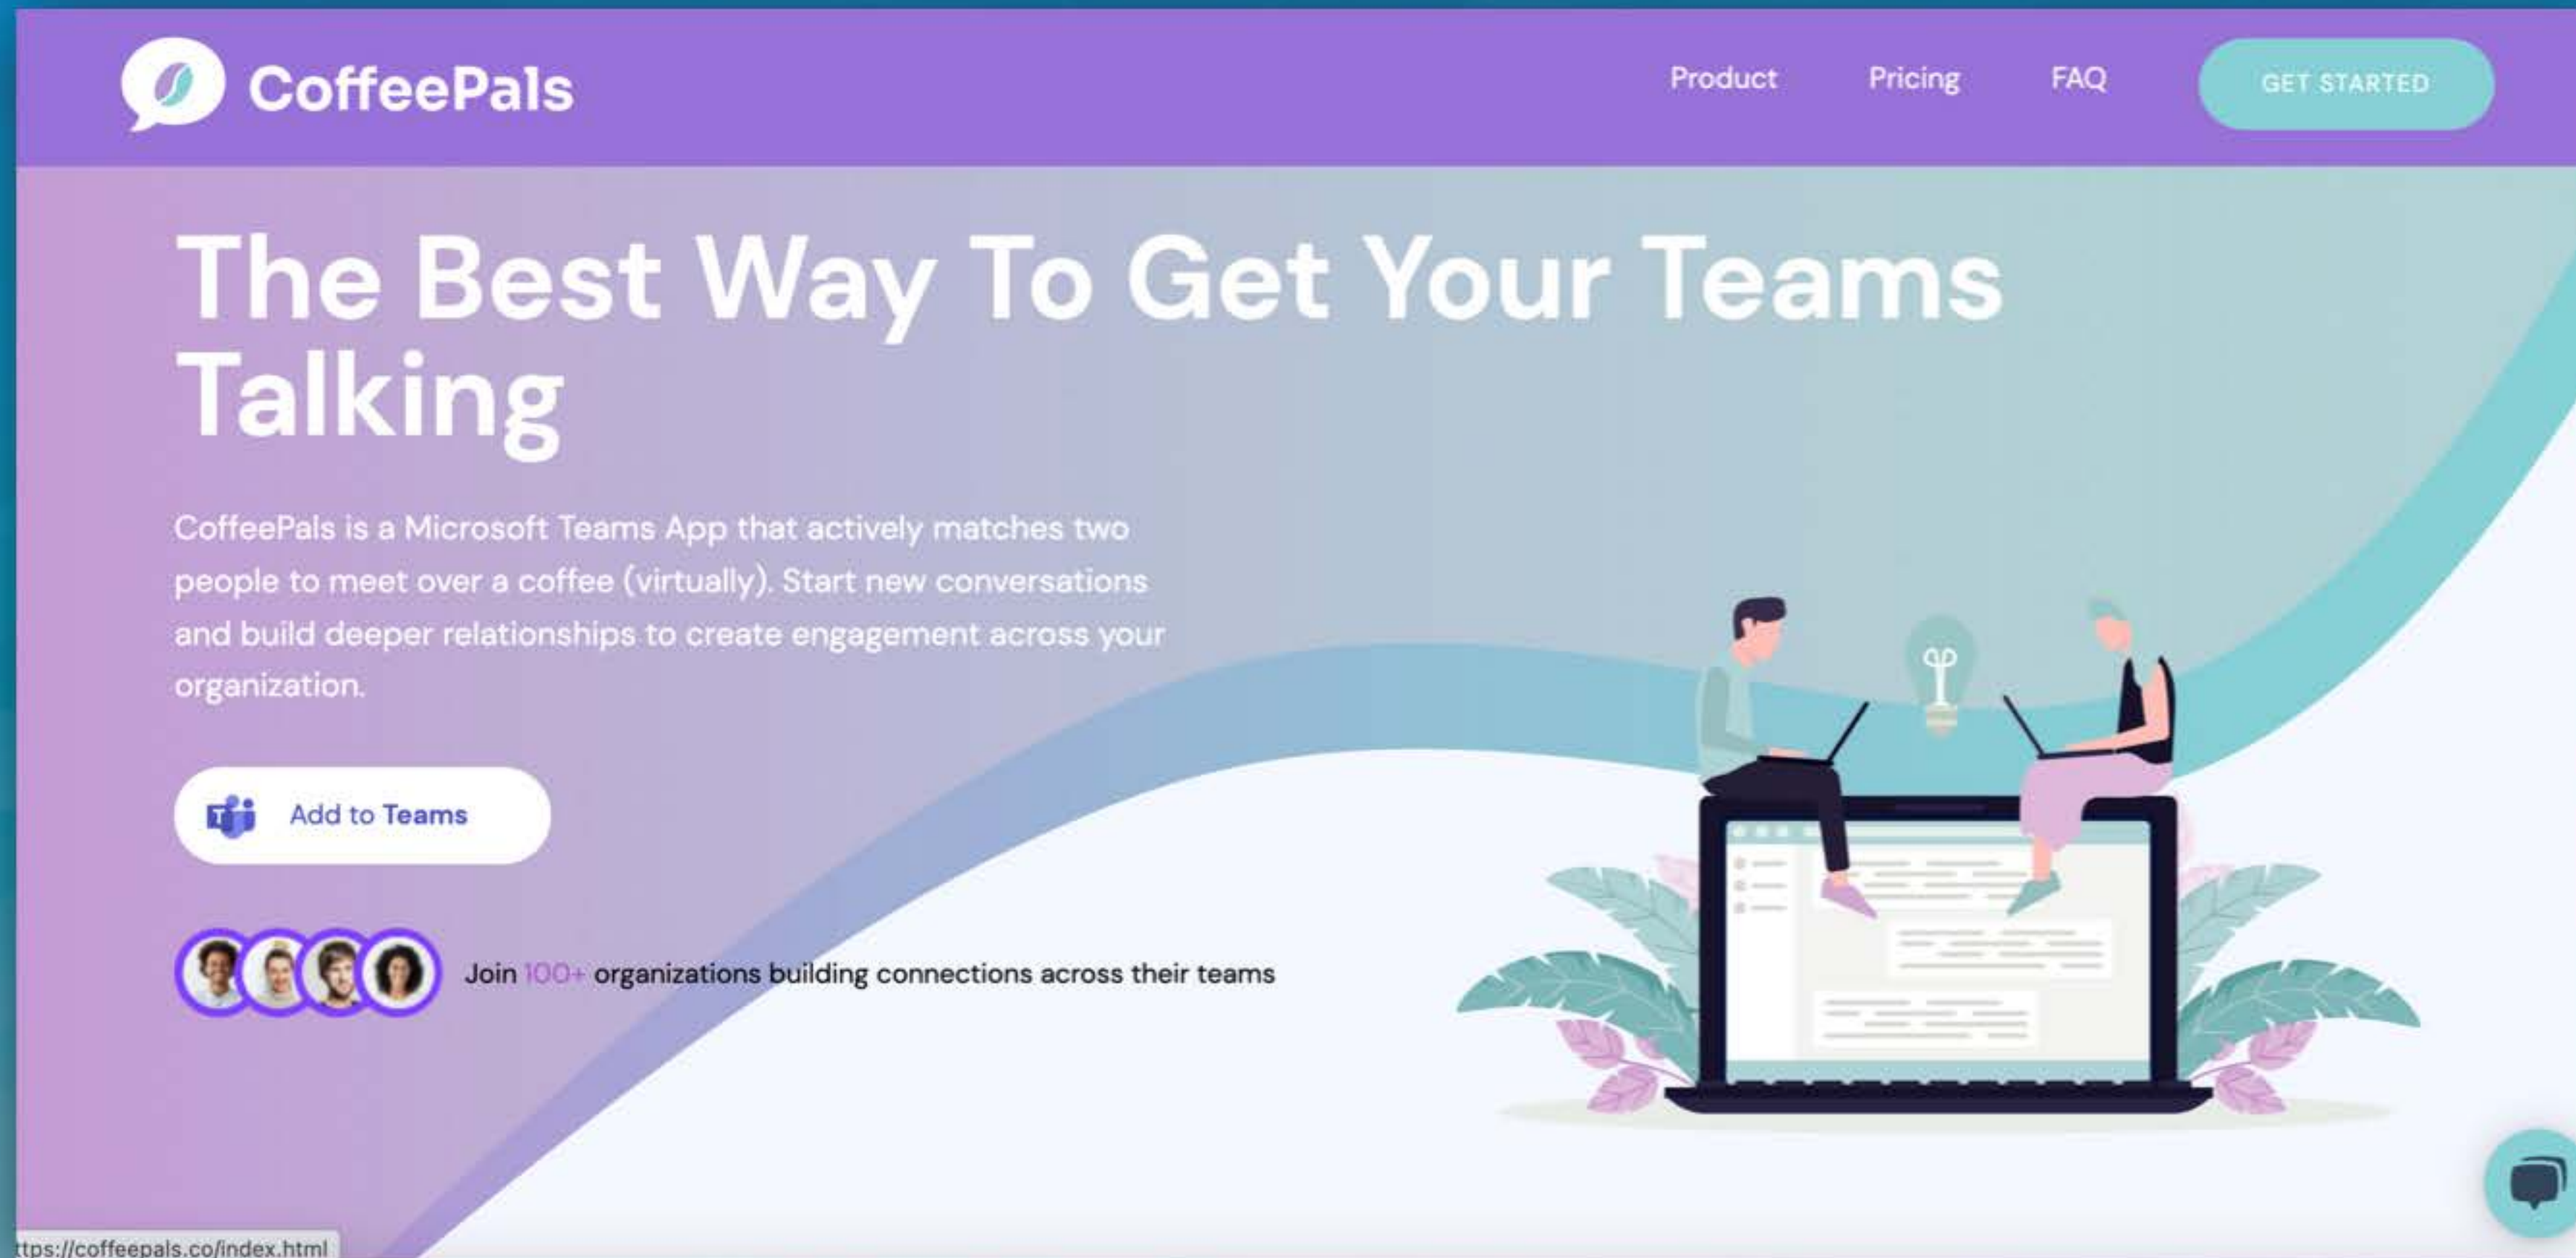

RETROSPECTIVE

Have a meeting with your team or with other departments and discuss what worked and what can be improved in your collaboration.

ROCKEFELLER HABITS

A system for managing and scaling companies and teams, offering a range of functional tools, documents and ways to scale your work more efficiently.

The screenshot shows the homepage of the CoffeePals website. The header is purple with the CoffeePals logo on the left and navigation links for Product, Pricing, and FAQ on the right. A 'GET STARTED' button is also present. The main heading is 'The Best Way To Get Your Teams Talking'. Below this, a paragraph describes the app as a Microsoft Teams app that matches people for virtual coffee meetings. A 'Add to Teams' button with the Teams logo is shown. Further down, there are four profile icons and text stating 'Join 100+ organizations building connections across their teams'. On the right side, there is an illustration of two people sitting on a large laptop screen, with a lightbulb icon above them. A small chat bubble icon is in the bottom right corner. A URL bar at the bottom left shows 'https://coffeepals.co/index.html'.

The Best Way To Get Your Teams Talking

CoffeePals is a Microsoft Teams App that actively matches two people to meet over a coffee (virtually). Start new conversations and build deeper relationships to create engagement across your organization.

 Add to Teams

The screenshot displays the Around.co website interface. At the top left is the 'around' logo, and at the top right is a 'GET STARTED' button. The main heading reads 'Introducing video calls designed for energy, ideas and action.' Below this, a subtext states: 'Gather in ultra small groups, infuse fresh energy into creative sessions, and get things done in real-time with real results.'

The central part of the image shows a video call in progress with three participants in circular frames. A speech bubble from the first participant says 'Cool idea 🙌'. Below the video call, a Google Docs document titled '2021 Team Planning' is open. The document's menu bar includes 'File', 'Edit', 'View', 'Insert', 'Format', 'Tools', 'Add-ons', and 'Help'. The text area contains a bulleted list:

- Increase RPM by 620 to reach target temperature
- Electric engine is throwing error codes in diagnostics
- Battery level depletion rate unusual in sub-zero temperatures
- Re-evaluate rubber compound perform

Naučte se prodávat změny ve vaší organizaci

SETH'S BLOG

The room where it happens

The best way to be in the room where it happens is to be the person who called the meeting.

Things rarely happen on their own. Everyone is waiting for you to organize the next thing.
